

A CELEBRATION TO REMEMBER

May 2017

Saturday, May 6, 2017, Tim Day celebrated his 80th birthday which was hosted at Donovan's Steak and Chop House in Phoenix, AZ. The guest list included family, long-time friends, colleagues from Bar-S Foods, many respected Marines, including several Fellowship recipients and their spouses, plus some old comrades. The cocktail hour was spent mingling, reconnecting, and a welcome speech was presented by his wife, Sandy, to greet the guests and introduce a video presentation showing a brief snapshot of Tim's life. Next, a formal seated dinner was enjoyed, along with many laughs and much storytelling. After dinner, as tradition merits, Tim was presented his birthday cake. He made his wish and blew out his eight, not eighty, birthday candles.

Leslie then took on the role as "master of ceremonies" and introduced several guest speakers who gave "roast-style" speeches. As with most roasts, good humor and countless jabs were taken at the expense of Tim and his lifelong antics. While some pokes were clean jest, others were less than clean - all in the spirit of fun. And those guests too kind to take a poke at Tim, offered kind and generous tributes in his honor. Tim took it all in good stride, and welcomed the endearing memories, along with those he might care to forget - and closed with a comedic monologue regarding his new octogenarian status. After the presentations, everyone was directed to the bar and the night of festivity continued. All in all, it was a memorable evening and marked a well-celebrated turn of eight noteworthy decades.

"I want to personally thank those who attended this celebration - particularly those who traveled significant distance. I am very blessed to have had so many family and friends present. You made this a very special occasion for me, and I will always treasure this memory!"

- Tim

A CELEBRATION TO REMEMBER

No Tim Day event is complete without a hike in the beautiful Phoenix Mountains Preserve!

Tim's birthday festivities continued with a reunion with his Brooklyn friends in New York City. L to R: Harry Petchesky, Ted Fuller, Charlie Hamm, Tim Day, and Tom Rieger.

FELLOWSHIP MARINES ON THE MOVE

Col Tony Henderson

Col Dirk Cooper

NEW HARVARD BUSINESS SCHOOL EXECUTIVE EDUCATION FELLOWSHIP RECIPIENTS

Spring 2017

We are pleased to announce that Colonel Anthony Henderson and Colonel Robert “Dirk” Cooper were selected as the nineteenth and twentieth recipients of the Timothy T. Day Marine Corps Executive Education Fellowship at Harvard Business School, where they completed the Advanced Management Program in late May.

GENERAL OFFICER ANNOUNCEMENTS

We are proud to report that three recipients of our Executive Education Fellowship at Harvard Business School have been selected for promotion.

Col Jim Adams III

Col Eric Austin

Col Bill Bowers

- **COLONEL JAMES ADAMS III** has been nominated for appointment to the rank of Brigadier General. Jim is currently serving as the Director, Capabilities Development Directorate; Combat Development & Integration, Headquarters Marine Corps, Quantico, VA.
- **COLONEL ERIC AUSTIN** has been nominated for appointment to the rank of Brigadier General. Eric is currently serving as the Deputy Commander of U.S. Marine Corps Forces Command based out of Norfolk, VA.
- **COLONEL WILLIAM BOWERS** has been nominated for appointment to the rank of Brigadier General. Bill is currently serving as the President of Marine Corps University in Quantico, VA.

FELLOWSHIP MARINES ON THE MOVE

February 2017
Col Will Berris, Gen Glenn Walters (ACMC), BGen Frank Donovan, and BGen (Sel) Bill Bowers at 51/5th (Task Force 51 and 5th Marine Expeditionary Brigade) in the Kingdom of Bahrain.

March 2017
MajGen George Smith, Jr. had a great visit with the Ambassador and country team, and had many positive engagements with the Egyptian Armed Forces.

April 2017
Col Dirk Cooper (far left) pictured with his "AMP Living Group" at the Harvard Club during his AMP Fellowship course.

CITY OF HOPE “SPIRIT OF LIFE” AWARD

TIMOTHY T. DAY THE 2017 SPIRIT OF LIFE™ AWARD RECIPIENT

Tim Day was the principal Founder of Bar-S Foods Co. (Bar-S). He served as Chief Executive Officer of the company for 31 years, from the time it began operations in August 1981 through 2012. In September 2010, Bar-S merged with Sigma Alimentos, a subsidiary of Alfa (a large Mexican conglomerate) — reportedly the biggest transaction in Arizona that year. Tim currently serves as Chairman of the Board for Bar-S Foods - A Sigma Company.

Bar-S is a leading manufacturer and marketer of ham, franks, bacon, sliced lunch meat, smoked sausage, corn dogs and dairy products, with substantial market share throughout the United States serving the value segment of the processed food industry. The Corporate Office is in Phoenix, Arizona, with manufacturing plants in Oklahoma and Wisconsin, central distribution facilities in Oklahoma and Texas, and

regional sales representatives and DSD operations located across the country.

Tim is Chairman and President of the Timothy T. Day Foundation, which primarily supports the U.S. Marine Corps and animal rescue activities. He is past Chairman of the Goldwater Institute, Greater Phoenix Leadership, the Arizona Chapter of the Young Presidents' Organization, the Executive Council for the Southwest Food Industries Circle for City of Hope, and past President of the Harvard Business School Club of Arizona. He was on the Board of Directors of the American Meat Institute for 37 years, and is a Founder of the Marine Corps Heritage Foundation.

Tim served on active duty as a line officer in the U.S. Marine Corps from 1959 through 1962, attaining the rank of Captain. He graduated from Deerfield

City of Hope is proud to honor Timothy T. Day with the 2017 Spirit of Life Award in recognition of outstanding personal, professional and philanthropic achievements

Academy in 1955, and earned a B.A. from Wesleyan University in 1959 and an M.B.A. from Harvard Business School in 1964.

Tim has four children and eight grandchildren. He and his wife, Sandy, enjoy spending time in their homes in Jackson, Wyoming; Phoenix, Arizona; and La Jolla, California with their pug, Lulu.

THE SPIRIT OF LIFE™ AWARD

The Spirit of Life™ Award is presented to individuals who exemplify the ideals and values that have guided City of Hope for over a century, and whose professional and humanitarian accomplishments are worthy of celebration.

Recipients of this prestigious award include a broad range of leaders from the world of business, entertainment, science and philanthropy. What connects them is a shared commitment to elevating the human condition and a profound

belief in the power of each individual to effect change.

The Spirit of Life, by its very name, represents the intangible qualities that make an individual's life worthy of admiration: their generosity, their ability to inspire and

their desire to make a difference in the world.

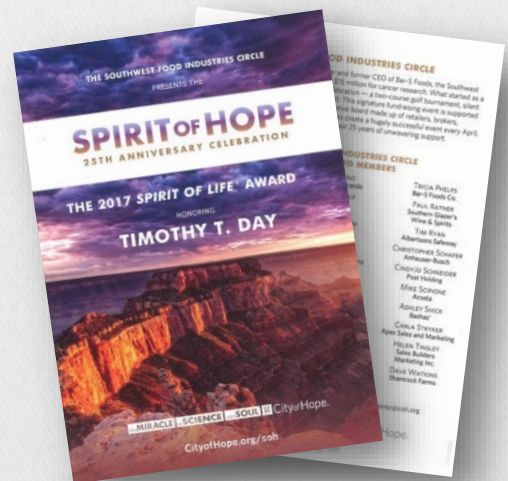

The award is modeled after the original bronze statue that sits atop the fountain at the entrance to City of Hope. Crafted by artist Robert Russin, the statue celebrates

the concept of family and reflects the institution's long-standing commitment to holistic care for those affected by cancer and other life-threatening diseases.

April 2017
Dr. Linda Malkas presenting the “Spirit of Life” Award to Tim. Back in 1992, the City of Hope asked Tim to be the recipient of their prestigious “Spirit of Life” award and to lead the Arizona food industry in support of this cutting-edge medical research and treatment facility.

Twenty-five years later, he was honored to receive the same award on April 29, 2017. Little did Tim know when he helped organize the Southwest Food Industries Circle and the first fundraising event a quarter century ago, that a wonderful partnership was put in motion that has raised more than \$15 million for cancer research at City of Hope.

A DAY JOINS THE U.S. MARINE CORPS

June 2017

Earlier this year in February, Tim's grandson, Taylor Gleason, surprised his family by enlisting in the United States Marine Corps, and did his boot camp training at Marine Corps Recruit Depot San Diego (MCRDSD) in California.

While very exciting, the recruit training is rigorous, demanding, and challenging. The overall goal is to instill in the recruits the military skills, knowledge, discipline, pride and self-confidence necessary to be a United States Marine. After 16 weeks of intense training, Taylor completed his boot camp training and graduated from the MCRDSD on June 9, 2017.

Many of Taylor's family members attended the graduation ceremonies, and Tim hosted a celebratory luncheon afterwards.

After a short leave, Taylor was assigned to the School of Infantry at Camp Pendleton and completed his training with the Marine Combat Training Battalion on July 18, 2017. Next, Taylor will now learn his Military Occupational Specialty (MOS) as a bulk fuel specialist.

Welcome to the Marine Corps, Taylor!

TIM DAY IS NAMED EVENING PARADE “GUEST OF HONOR”

July 2017

The Director Strategic Plans and Policy J-5, Joint Staff, Lieutenant General Kenneth F. McKenzie Jr. of the U.S. Marine Corps, selected Tim to be the Guest of Honor at the reception and Evening Parade at the Marine Barracks Washington, D.C., on July 7, 2017. The Evening Parade takes place on Friday evenings in the summer months and attendance is by invitation only. The one-hour and fifteen-minute performance involves dozens of flawlessly performing Marines marching as one to “The President’s Own” United States Marine Band and “The Commandant’s Own” United States Marine Drum & Bugle Corps – and the twirling and throwing of rifles by the Marine Corps Silent Drill Platoon. The marching and musical units, who are from the ‘Oldest Post of the Corps”, have been paying tribute to those

whose “uncommon valor was a common virtue” in the Evening Parade at Marine Barracks at 8th & I since July 1957. The Evening Parade was a spectacular event and has become a universal symbol of the professionalism, discipline, and Esprit de Corps of the United States Marines, and Tim was deeply honored to be a part of it.

Please use the attached link to view the website which explains the history of Evening Parade at Marine Barracks Washington, D.C. <http://www.barracks.marines.mil/Parades/Evening-Parade>.

TIM DAY IS NAMED EVENING PARADE “GUEST OF HONOR”

Marine Barracks Washington, D.C.

July 2017, Members of the Day Family in front of the Museum.

Since many family members and friends, including several of our Marine Fellows and their spouses, attended the Friday Evening Parade, we arranged for a group visit the next day to tour the National Museum of the Marine Corps and see the progress of the Museum expansion project. We were able to view the new Combat Art Gallery and Studio, the expanded Children’s Education Suite and see the new IMAX Giant Movie Screen. It was exciting to see the progress, but it will still be several years before the Museum is completed with its new galleries and exhibits. The day concluded with a fun evening of dining at one of our favorite restaurants in the area.

HARVARD BUSINESS SCHOOL SHAD HALL TIM DAY FITNESS ROOM

Rendering provided by Harvard Business School.

The Timothy T. Day Foundation established a capital fund at Harvard Business School in 2004 to support major projects related to physical fitness. In 2017, the Foundation made a \$5 million commitment to fund the renovation, upkeep, and maintenance of the cardio and weight rooms in Shad Hall. In recognition of this gift, Harvard will name this new facility the “Tim Day Fitness Room” – and this project is expected to be completed the summer of 2019.

DEERFIELD ACADEMY NEW ATHLETICS COMPLEX

Similarly, the Foundation has agreed to fund a portion of Deerfield’s new \$68 million athletics facility, specifically one of the Group Exercise Rooms and the Puck Shooting Room. The new facility is expected to open in 2018.

Rendering provided by Deerfield Academy.

FAMILY OFFICE VISITS NORTHERN TRUST May 2017

Leslie Pellillo (COO of The Day Family Office) and Karen Hall (Accounting Manager of The Day Family Office) travelled to Chicago in May to spend two days at The Northern Trust Company. Leslie and Karen met with several Northern Trust associates to discuss trends and best practices in the areas of fiduciary services, philanthropy, family education and governance, investments, taxes, and information technology. They also toured the historic bank and visited the enormous vault located in the building's basement.

FAMILY OFFICE RETREAT IN JACKSON, WYOMING

August 2017

Last August, the Day Family Office had its first staff retreat in Jackson, WY. Next month the office team will be reuniting in Jackson for another week-long retreat with the intention of mixing some business with some fun. The retreat will have a full agenda that includes attending some business meetings, visiting several places the Timothy T. Day Foundation proudly supports, hiking in the mountains, and taking in some local sightseeing.

Lulu's CORNER

Featuring Stories Of The Heart From Rescue Organizations Supported By Lulu's Fund

MEET A FEW OF OUR PARTNERS

Lulu's Fund, part of the Timothy T. Day Foundation, is proud to highlight many of the success stories that have come out of the rescue organizations we partner with. The need is great and there are many dedicated organizations working hard to make a difference. Share in our stories of success, heartache and saying goodbye to those we've loved and lost.

Sandy visits with Sheila Iyengar (and friends) at the Nagi Foundation.

NAGI FOUNDATION

May 2017

Lulu's Fund is excited to welcome the Nagi Foundation to our family of organizations supporting animal welfare. The Nagi Foundation's mission is to restore the sacredness of the Native American community by uniting people and animals. They do this by providing a variety of animal services, educational programs, behavioral health support systems, and family resources that coincide with traditional values and core principles of First Nations communities.

The Nagi Foundation, which was founded by Sheila Iyengar, partners with the Salt River Pima – Maricopa Indian Community located in Scottsdale, AZ. Sandy recently attended one of their animal health clinics and was able to witness first-hand the impact the Nagi Foundation is having on this Native American community through spay/neuter and medical services, as well as providing food, pet supplies, grooming services and education to pet owners. Tick infestation is a huge problem for Arizona and can be epidemic in communities with large populations of free roaming dogs so Lulu's Fund has agreed to provide funding for tick and flea collars for one year. We are hopeful this donation will have a real impact on improving the lives of many dogs and their families.

DOGS RESCUED FROM THE SOUTH KOREAN DOG MEAT TRADE

June 2017

Lulu's Fund is very proud to be a supporter of Dog Is My CoPilot (DIMC), Inc. They were recently able to partner with the Idaho Humane Society to deliver 12 dogs that were rescued by Humane Society International (HSI) from dismal conditions at a backyard breeding operation in Seongnam, South Korea. HSI rescuers found the dogs living in filthy conditions, chained to cages with little space to move. The owner of the property bred the dogs to supply a nearby dog meat market. With DIMC stepping in to transport these rescues, the Idaho Humane Society will now take over care of the dogs and ready them for adoption.

To learn more about Dog is My Copilot or the work Humane Society International is doing, please visit their websites at <http://dogcopilot.org/> and <http://www.hsi.org/>.

LULU'S ANGEL FUND AND PACC911 CELEBRATE OUR 500TH RESCUE - CONGRATULATIONS EMMA!

PACC911 and Lulu's Angel Fund recently celebrated rescue number 500! PACC911 partnered with Arizona Poodle Rescue to take in a standard poodle who had been abandoned in a home, and was waiting for her owners to return. Lou Murphy, the Founder of Arizona Poodle Rescue, offered to take her in until the owners were found. When Lou arrived, the poodle was a mess, with a growth over one eye, a growth on her neck and a chain of mammary tumors on her belly requiring surgery. This sweet girl was believed to be maybe 6-8 years old.

Sadly, her owners did not return but this story has a happy ending. Barbara Hahne and her family adopted "Emma" who loves to run around in her new backyard and pick apples with her mom every morning. She enjoys her daily trip to Starbucks followed by a homemade treat. Emma is now living the good life thanks to PACC911 and Lulu's Angel Fund!

To learn more about PACC911, Lulu's Angel Fund and the medical care programs that are saving lives, visit their website at <http://pacc911.org/>.

NATIONAL MILL DOG CELEBRATES ITS 12,000TH RESCUE!

Gidget, a 10-month-old Silky Terrier, is National Mill Dog Rescue's 12,000th rescue dog! To commemorate this milestone, they are asking supporters to take part in a new campaign called "[Strength in Numbers](#)". To find out more about this worthy campaign, you can watch their video below.

Please consider donating \$12 a month to help rescue more dogs!

REMEMBERING THOSE WHO'VE GONE TO THE RAINBOW BRIDGE

Tim's son, Eric, and daughter-in-law Michelle, said goodbye to **Bandit** Gleason who went to the Rainbow Bridge on May 4 at the age of 15. She lived a beautiful life and was her mom Michelle's side kick, always close by. She will be greatly missed by her loving family: Michelle, Eric, Taylor, Sammy and four legged brother Zorro. Michelle recently said, "she was our best dog ever and is still so missed".

Sandy's uncle said goodbye to **Blubb** Thompson who went to the Rainbow Bridge on June 14 at the age of 13. She will be greatly missed by her family who loved her so much, Danton, Rick and her brother Duke.

ANIMAL ADOPTION CENTER SPAY & NEUTER July 2017

The Animal Adoption Center (AAC) in Jackson, WY, is dedicated to solving the problem of pet overpopulation in Wyoming. The AAC believes that spaying and neutering is the most effective way to exponentially reduce the number of homeless pets. The goal is to make sterilization services available to those who might not otherwise be able to afford them. In 2009, the AAC began to attack the root of the pet overpopulation problem by launching the Spay/Neuter Wyoming Program, a low-cost, mobile, spay and neuter effort spearheaded by

Dr. Heather Carleton

former AAC board member, Dr. Heather Carleton. In 2013, the program expanded to provide low-income vouchers, and in 2015, to include the Wyoming Shelter Project.

Since 2009, close to 9,000 surgeries have been performed statewide through Spay/Neuter Wyoming. During this time there has been a significant decrease in the annual euthanasia rates in a number of partnering communities. Casper reduced from over 1,284 to 460, while Rock Springs decreased from well over 1,000 to less than 150. In Lyman, the cat euthanasia rate has also been decreased by 60%. There has also been a 50% decrease in reported dog bites on the Wind River Indian Reservation, where mobile clinics are held twice per year.

The AAC Spay/Neuter Wyoming Program continues reaching out to new communities to offer low-income vouchers and currently offers vouchers in seven Wyoming communities including Lander, Casper, Riverton, Lyman, Green River, Rock Springs and Ten Sleep. Efforts are also being made to expand the Wyoming Shelter Project. We would like to offer a big thank you to Dr. Heather Carleton and her tireless team!

For more information about the Spay/Neuter Wyoming Program, please visit their website at: <http://animaladoptioncenter.org/spay-neuter>.
