

HBS MARINE FELLOWS “TRIBE” REUNION

October 2019

The Foundation’s first Marine Corps Harvard Business School Fellows “Tribe” Reunion was a hit. The reunion took place in Quantico, VA, on October 11-13, 2019, and was attended by over 50 people, including members of the Foundation and Day Family Office, MBA and AMP Fellows and their spouses and significant others.

The reunion festivities kicked off with a Friday night group dinner at Globe & Laurel in Stafford, VA. It was a fun night and guests enjoyed catching up with friends they hadn’t seen a while. On Saturday morning, the group headed to Marine Corps University, and former Chair of the Advanced Management Program at Harvard Business School, Ranjay Gulati, facilitated a case study discussion on Netflix. Ranjay did an outstanding job – he made the discussion interesting, kept the group engaged, and successfully applied the

case learnings to the culture of the Marine Corps. Saturday afternoon was spent at the National Museum of the Marine Corps. The group toured the Museum, focusing on the new exhibits that were open, and then went to the Medal of Honor Theater to view the film, "We, The Marines." The film was extraordinary and offered an unforgettable glimpse into the first-hand experiences of America's "first responders" and what it takes to serve as a member of the U.S. Marine Corps. After the film, there were very few dry eyes in the room. The Saturday evening events continued at the Museum with cocktails at the Tun Tavern, followed by a beautiful catered dinner in the Medal of Honor 2nd Deck Theater Lobby. Highlights of Saturday night included a presentation by Tim who gave a special tribute to all the MBA and AMP Fellows, and a heartfelt speech by our keynote speaker General James Amos, USMC (Ret), who spoke about Tim's philanthropy and generosity to the Marine Corps and the legacy he leaves behind.

On Sunday, some of our early morning guests appreciated the beautiful fall weather and went on a hike in Prince William Forest Park. The entire group enjoyed Sunday brunch together followed by a "Tribe" Meeting where the Fellowship recipients gave a brief - but very personal and often moving - update on what's been happening in their lives. The meeting ended around 2:00pm, the group said their good-byes and departed for their homes.

We're positive the reunion sparked some old memories and created some new ones. It was wonderful to see everyone and we look forward to seeing everyone at the next reunion.

Visits to other Marine Corps Organizations

While in the Quantico and Washington D.C. area, the Foundation and Day Family Office had meetings with Marine Corps University, Marine Corps University Foundation, Marine Corps Association Foundation,

Marine Corps Heritage Foundation, and Marine Corps Scholarship Foundation. During these meetings, each organization provided an update on their activities with specific emphasis on how the funds provided by the Foundation are benefiting their needs. During this trip, we were also fortunate to visit the Pentagon and meet with Secretary of the Navy, Richard Spencer, and the 38th Commandant, General David Berger.

CHRIS TAVUCHIS (AMP 2017) is now serving as the Commanding Officer, Marine Artillery Detachment, Fort Sill, OK.

FOUNDATION NEWS

HARVARD BUSINESS SCHOOL SHAD HALL TIM DAY FITNESS ROOM DEDICATION

On October 10, 2019, members of the Foundation and the Day Family Office, several MBA Fellows and AMP Fellows, and some Harvard Business School (HBS) faculty and staff attended the Dedication of the “Tim Day Fitness Room” in Shad Hall. The festivities started with a tour of the new facility which was led by Fitness Director Dana Marcotte. As we toured the space, Dana shared some of the highlights of the fitness room changes as well as the positive reactions received from the members. The HBS community has been using the new space since September 3rd when they “celebrated” the opening of the Tim Day Fitness Room. At the end of the tour, the group gathered near the donor plaques and Dean Nitin Nohria shared a few words, as did Tim. Nitin and Tim then unveiled the plaques. After the ceremony, the group was invited to the Dean’s House for a very special lunch.

TIM DAY FITNESS ROOM

Back in 2017, the Foundation agreed to a \$5 million capital commitment to fund the renovation of the existing cardio and weight rooms in Shad Hall. In recognition of this gift, HBS decided to name the fitness area the “Tim Day Fitness Room” for the useful life of Shad Hall. The HBS community is incredibly excited about the new fitness facility and is certain it will be an integral part of the campus and their community.

Lulu's CORNER

Featuring Stories Of The Heart From Rescue Organizations Supported By Lulu's Fund

A TRIBUTE TO LULU BELLE DAY

Lulu Belle Day was born on April 5, 2004 and joined our family approximately 8 weeks later. Weighing in at a whopping 1.5 pounds, what she lacked in size she made up for in every other way. Our lives were forever changed and she quickly became the center of our universe, and we would have had it no other way.

She took her first plane ride at 8 weeks old. She traveled the country and dipped her paws in both the Pacific and Atlantic oceans. She called Arizona, Wyoming, and California home and she lived a big, full life knowing only love and adoration.

Lulu was not a rescue dog but she led us to the rescue community. Because of our love and commitment to this little pug, Lulu's Fund was created. Working with a large network of rescue organizations, her fund has helped hundreds of dogs and other animals find their forever homes, and has saved perhaps thousands of lives through spay/neuter efforts.

Lulu underwent surgery on May 14, 2019 for two mast cell tumors. She fought hard right up until the very end, but we were never able to get her breathing under control post operatively. On June 28th the very difficult decision was made, and our sweet girl made her way to the Rainbow Bridge. We are deeply grateful for the 15 years of great joy, happiness, and abundant love we shared with our coconut, who will forever be known as "our puppy".

As Carrie Singer with Animal Guardian Network said shortly after Lulu's passing, *"The puppy's light was shining brightly yesterday when I took in the worst burro neglect case yet. The puppy's light shined yesterday when a little old pup found so much joy when he got to take a trip down to the river and fill his nose full of new smells and the restoration of his soul. The puppy's light shined yesterday when a pup found the joy of wind on his face as he journeyed on a Pup Ride. The puppy's light is so strong."*

Lulu's light will shine forever in the hearts of her mom, dad and gram. And her light will continue to shine through the many animals who will benefit because of Lulu's Fund for years to come.

So many friends and family have supported us through this difficult journey and we are so appreciative. Lulu's family would like to give a very special thank you to Dr. Eric Monnet and Geri Baker with Colorado State University Veterinary Teaching Hospital and Dr. Lidja Gillmeister and her team who never gave up and was with us to the very end.

Thank you for being a part of her life. ❤️

I Loved You Best

*So this is where we part, My Friend,
and you'll run on, around the bend,
gone from sight, but not from mind,
new pleasures there you'll surely find.*

*I will go on, I'll find the strength,
life measures quality, not its length.
One long embrace before you leave,
share one last look, before I grieve.
There are others, that much is true,
but they be they, and they aren't you.
And I, fair, impartial, or so I thought,
will remember well all you've taught.
Your place I'll hold, you will be missed,
the fur I stroked, the nose I kissed.
And as you journey to your final rest,
take with you this...I loved you best.*

AMERICAN HUMANE HERO DOG AWARDS

Tara, Antonio and Alice

Lulu's Fund represented by: Karen Hall, Michelle Gleason, Leslie Pellillo, Sandy Day, Joanna Weeks and Pamela Balliet

It was a big night for Lulu's Fund on October 5, 2019, in Beverly Hills, CA. We were so proud to sponsor Alice, American Humane's Hero for the Service Dog category. Alice was crowned the HERO dog of 2019 and we couldn't be happier for Alice, Antonio, Tara and the entire family. Alice is our HERO too!

To see Alice and Antonio's incredible story and unbreakable bond please click on the link below. American Human Hero Dog Awards was televised on the Hallmark channel on October 21, 2019 and can currently be viewed on the Hallmark app.

ANIMAL GUARDIAN NETWORK'S HEALING RIVER RANCH

The residents of Animal Guardian Network at Healing River Ranch are home. This 21-acre sanctuary is in Camp Verde, AZ, and is nestled along the Verde River. The pups look forward to nice long walks along the river taking in all the fresh air and new smells. Pup rides are available for those who can't walk far allowing them to experience the great outdoors as well. No one is left behind at Healing River Ranch.

Lulu's Fund is so proud of this partnership and to have shared in this very special journey.

"On April 27, 2019 a ten-year dream came true for so many senior, special needs and hospice animals. Through the generosity and life changing support of Lulu's Fund, Animal Guardian Network was able to relocate to their new home. This would not have been possible without the generosity and shared vision of Lulu's Fund. This special partnership will help end the needless suffering of the most fragile and unwanted animals; the old ones thought to be disposable."

LULU'S SURGICAL TREATMENT ROOM

April 2019

Colorado State University

COLLEGE OF VETERINARY MEDICINE
AND BIOMEDICAL SCIENCES

The Foundation was very proud to fund the renovation of a treatment room at Colorado State University Veterinary Teaching Hospital, proudly named after Lulu. This room provides better care and treatment for sick and recovering animals, and a safer environment for both animals and vet students. Dr. Monnet and his team took such excellent care of our girl over the years and we wanted to show our appreciation.

Remembering Those Who've Gone to the Rainbow Bridge

Maggie

Santina

Maxx

Teddy

Lexi

We said goodbye to a family member on October 27, 2019. **Maggie**, beloved dog of Bryan, Samantha, Harrison, Winston, and Heidi Day lived a long full life filled with love. She was almost 16 years old when she went to the Rainbow Bridge and will be missed by all who knew her.

Santina (in the arms of her human brother Stanley) went to the Rainbow Bridge on June 1, 2019. Santina was so loved by her family and is greatly missed by Laura, Stanley and her beautiful poodle sister, Isabella. It was always such a treat to stop by Laura Gambucci's Boutique and be greeted by the stunning Santina.

Maxx, best friend to Susan Reynolds and family, went to the Rainbow Bridge on September 9, 2019. It is so difficult to say goodbye to those we love so dearly and as Susan recently said, *"I would have carried you around with me forever."*

Animal Guardian Network said goodbye to **Teddy**, "Teddies", on July 8, 2019. As Carrie Singer said, *"Teddy was a special soul wrapped in a magical body. Teddy was one in a million."* He was loved by all who knew him and his presence at the ranch is greatly missed.

Terri Wood of Arizona Pug Adoption and Rescue Network said goodbye to her beloved **"Lexi Littlepug"** on October 16, 2019. Lexi was such a great "spokespug" for APARN and her cute little wink graced book and calendar covers. Lexi is greatly missed by Terri, Nelda and all her pug siblings.
